YOUR PUPPY 8 WEEKS TO 12 MONTHS WITH ED FRAWLEY

How we raise puppies today is much different than how we have done it in the past. Today, we focus our interactions with our puppy on building engagement and a relationship that encourages the puppy's love of learning. We want to build a strong foundation of trust and understanding before we try to teach obedience behaviors. This video covers how to manage a puppy in and around the home.

2022 LEERBURG'S 40TH YEAR ANNIVERSARY

From the very beginning, Leerburg has built a reputation by providing quality products and the best training information available. Our customers are dog trainers that insist on quality products that work and last. We have built our business based on a policy of only selling quality products that we use with our own dogs. Rather than trying to compete with the big box retail stores or the pet food warehouses of the world, we chose to fill that niche. The training material that we put out in our DVDs, streaming videos, and online courses has been developed by some of the best trainers in the world and is based on countless years of experience and education.
